

Era	Period	
Precambrian		
Paleozoic	Cambrian	
	Ordovician	
	Silurian	
	Devonian	
	Carboniferous	
	Permian	
Mesozoic	Triassic	
	Jurassic	
	Cretaceous	
Cenozoic	Tertiary	
	Quaternary	

Students are to create a PowerPoint presentation on the chosen Period in the earth's history. Since this is the fourth presentation, a higher degree of workmanship is expected.

Points to Include:

1. The Era in which the Period is found.
2. General time span (how long did the period last?).
3. Major changes in flora (plant) life during this period.
4. Major changes in fauna (animal) life during this period.
5. Major changes to the landmass (es) during this period.
6. Short two-slide overall summary of the period that will help classmates to remember the period. You may include notes from the Module 4 section of the NovaNet Learning to assist you.
7. Pictures or renditions.

Scoring:

95-100 Missing 1 point covered. Good Presentation.

90-95 Missing one to two points. Good presentation to average presentation.

85-90 Missing 2 to three major points. Good presentation to average presentation.

80-85 Missing 3 to 4 points. Good presentation to average presentation.

78-78 Missing 5 major points with still Good presentation to average presentation.

0-77 Failure to complete assignment.
