MARY E. PHILLIPS BUSINESS ALLIANCE

LOCAL BUSINESSES MAKING A DIFFERENCE IN EDUCATION

Mary E. Phillips High School is an alternative school for students who have not reached their potential within a traditional school setting. The school features:

- Small class size with current enrollment of about 190 students
- Four star licensed ten-bed child care center for student parents
- Flexible schedule that allows students to attend day or evening classes

Students' success in the classroom improves when they are provided with information relevant to the business world. The MEPHS Business Alliance consists of local employers who promote skills and attitudes to the students necessary for successful and productive employees in today's diverse global workforce.
